## ABOUT ME

Motivated Computer Science Engineering student with a strong foundation in MERN stack development and data structures. Eager to apply technical skills in real-world projects and begin a successful career in the software industry.

## EDUCATION

### Btech in Computer Science Engineering

Kolhapur Institute Of Technology , Kolhapur Year : 2023-2027

CGPA : 8.7

### HSC

Sadhana Junior College Of Science, Gadhinglaj Year : 2021-2023

Percentile : 95%

### SSC

Gadhinglaj High-School, Gadhinglaj Year : 2020

Grade : First Class

## PROJECTS

### AI-Powered Interview Preparation Platform

<https://github.com/onkar-shintre>

AI-based interview preparation platform using MERN stack, incorporating AI-driven personalized questions and performance analytics, enabling users to improve coding and problem-solving skills efficiently.

### Government Exams Resource Platform

<https://github.com/onkar-shintre>

Government Exam Resource Platform – Developed a web platform that provides comprehensive resources for government exam preparation, including study materials, practice questions, previous year papers, and performance analytics. Built using MERN stack with a focus on personalized learning paths and user-friendly interface.

## SKILLS

### Programinng Lang:

- Java
- C
- C++

### Frontend :

- HTML
- CSS
- Javascript
- react

### Backend :

- Node
- Express
- MongoDB
- MySQL

### Tools:

- Git & GitHub
- VS Code

### Soft Skills:

- Problem Solving
- Continuous Learning
- Adaptability
- Critical Thinking
